Dear Attorney Gregg Meyer,

Please pardon my sidestep here to contact a returned relatives found in a Truthfinder Background report for Martha Lorraine Meyer.

I am in great need to have a discussion with Doctor Meyer and as you can see by these returned results, you apparently know Doctor Meyer well.

You see, without getting much into the detail here in this email, much of the preliminary reasons have been placed opened attempts at discussion on LinkedIn.

But frankly, there is a great conspiracy to not be able to have this discussion and this discussion must take place.

I will not accept that Doctor Meyer does not draw on any concern that somehow she has acted to be a slave to the predictability that she now has blocked me on LinkedIn.

Here is a rundown of events since September.

On LinkedIn, I processed a connections request which introduced my subject of concern. Doctor Meyer approved the connections request giving us 1st connections status.

She has never once provided a forum of discussion.

As I introduced, if she was to use the blocking feature, she would only go to confirm her internal role in this conspiracy.

I continued to introduce her to the seriousness of my query with her. Over the course of time, she decided to undo the connection between us.

But on LinkedIn that did not completely sever the unlimited communication channel in LinkedIn messaging that is granted us in first connections.

So, I continued to sent Doctor Meyer details to this site of the issue. Including why on social media unfriending is not really a course of recommendations.

So, after I sent Doctor Meyer this audio presentation:

http://meme.gruwup.net/dot_dot_dot_dash_dash_dash_dot_dot_dot_S_O_S.ogg

@Gruwup = Great Reasons Us Will Unite Peace

She decided to initiate an invitation back to me and requested that we continue as 1st connections on LinkedIn once more.

I, of course, approved her invitation request. But in the process of her detaching from me, I made some placements of status to these concerns.

They are placed to the surface web in the following Google Search results in her name:

The screenshot shows a Google search results page. The search query is "doctor martha lorraine meyer". The results include:

You visited this page on 10/30/19.

For we can indeed leave the matter as it is once more, this time she uses the block feature.

Eventually, the internet domain that I own might find its way to her Truthfinder background check report, as is in this example.

That makes this internet domain a valid domain in our information society if it can and has been used by Truthfinder reporting.

What I am doing here today is too serious to ignore the outcomes of injury to the community that is happening.

I would like to get a response that Doctor Meyer realizes that ignoring this matter is not going to clear her from a line of sight that I have attempted to get someone to officially respond to these concerns that are killing people.

Please have Doctor Meyer reverse the block that she has against me on LinkedIn and engage in a properly respectful and dignified conversation like decent human beings please..

Or if she wants everything off the record, she can arrange a time to visit my home here in San Bernardino and have a private face to face conversation ---- that would go to remove the informational trackings I have in her name in this course of attempting to find a remedy of a topic so secret to not be able to discuss.

Mpatapo

Mpatapo is a symbol image from the Adinkra (a system of symbols from Ghana in West Africa). It is meant to represent the "knot of pacification/reconciliation," and as such it is the symbol for reconciliation, peacemaking and pacification. "Mpatapo represents the bond or knot that binds the separate parties in a dispute to a peaceful, harmonious reconciliation. It is a symbol of peacemaking after strife." The Historical Age of Adinkra Dates Back more than two full centuries and it's origin is African Wisdom Symbolism Communications [non-literacy meanings] which are basic root communication structures that even breaks or overrides both written and spoken language barriers between peoples. Mpatapo is very important and is one of very few symbols in the Adinkra set of over 100 considered a Solomon's Knot symbol of importance.

To be treated as a serious to actually progress a resolution of a conflicted issue, one involved party can declare and issue and community present and attach the symbol Mpatapo against [or to attach] all other involved parties in a conflict or dispute. The Mpatapo attachment is informing society or community that there is issues here to be placed for reconciliation in peaceful ways. The attachment of Mpatapo declares binding knot until the conflict is resolved and the Mpatapo binding is therefore peacefully released [unbound / unattached] to any and all parties.
